Global Enrichment Program: A hands-on international business experience.

Explore multiple facets of a key business topic through this elective study abroad program. These intense, accelerated programs are taught in English and offered between semesters. Past students have had the opportunity to learn from local and multinational firms in places like Brazil, China, and Norway, and beyond.

Global Immersion: A fully in-depth international study experience.

Global immersion programs give students the chance to dive deeply into a culture and study alongside other international students at partner universities throughout Asia, Europe, Latin America, and Oceania. Taught in English, classes are offered from the host university’s full catalog as well as a selection of other specialized business courses.

“I got a chance to study in India, met many heads of corporations, business leaders, and even had a private audience with the President of India.”
