# Choosing your subjects

As a study abroad or exchange student, you can choose from hundreds of subjects across a range of study areas. These three steps will help you select your subjects before you apply to UTS.

## STEP 1. DOWNLOAD STUDY ABROAD AND EXCHANGE SUBJECT GUIDES

Download our Study Abroad and Exchange Subject Guides from our website. The guides highlight popular and recommended subjects we offer in:

- Arts & Social Sciences: Communication, Education, International Studies
- Business
- Design, Architecture & Building
- Electives - subjects open to all study backgrounds
- Engineering & Information Technology
- Health
- Law
- Science and Mathematics

You can download the Subject Guide for your study area here: [uts.edu.au/study-abroad-subjects](https://uts.edu.au/study-abroad-subjects)

For further subject information across all study areas at UTS, visit the UTS Handbook: [handbook.uts.edu.au](https://handbook.uts.edu.au)

## STEP 2. CHOOSE SUBJECTS USING OUR SUBJECT CHECKLIST BEFORE APPLYING TO UTS

A full-time load for one teaching session is between 18 and 24 credit points (usually 3 or 4 subjects). When choosing your subjects, check:

- the credit point value for each subject
- whether the subject is available in the applicable calendar and teaching session: Autumn (March start) and/ or Spring (July start). Our handy **Online Timetable Planner** can help you with this: [uts.edu.au/uts-timetable-planner](https://uts.edu.au/uts-timetable-planner)
- whether there are pre-requisites or assumed knowledge. In some cases, if you have taken an equivalent subject in the past, you can apply for an exemption.

Not sure which subjects to choose? Download the *Electives Subject Guide* which lists subjects that are open to students from all disciplines and do not have prerequisites: [uts.edu.au/study-abroad-subjects](https://uts.edu.au/study-abroad-subjects)

## STEP 3. SEEK APPROVAL FROM YOUR HOME UNIVERSITY BEFORE APPLYING TO UTS

Once you have selected your preferred UTS subjects, give your home university the subject outlines from the UTS Handbook. Once your home university's academic adviser has approved your study plan, you can apply to UTS.

Note: Subjects with a practical component (such as in nursing and teacher education) are restricted. Applicant eligibility to enrol in these subjects will be assessed on an individual basis.

Note: Some environmental studies subjects include field trips, which may be offered outside the normal teaching periods and incur extra costs.

### Pre-enrol before you arrive

Subjects approved by UTS are added to your session's study plan. Once they have been added, you can enrol yourself in 18 to 24 credit points before you leave home.

## CREDIT TRANSFER

Study abroad and exchange students must enrol in a full-time load at UTS. The full-time study load is 18-24 credit points per teaching session. Credit points apply to all subjects (except higher degree research programs) and represent a measure of the student's workload by subject. Most subjects at UTS are 6 credit points each, except for those offered by the Faculty of Arts and Social Sciences, which are 8 credit points.

## CREDIT POINTS

The information below is a guide to the equivalent credit points from your home country to UTS credit points.

### EUROPE

1 UTS credit point	1.25 ECTS credits
6 UTS credit points	7.5 ECTS credits
8 UTS credit points	10 ECTS credits
24 UTS credit points (full time load)	30 ECTS credits

### NORTH AMERICA

6 UTS credit points	approx. 4 US credit hours
8 UTS credit points	approx. 5 US credit hours
24 UTS credit points (full time load)	approx. 15 or 16 US credit hours

## CHINA

If you are a student coming from China, you will find that 24 UTS credit points are approximately equivalent to 7-9 subjects at most Chinese universities.

## CONTINUOUS ASSESSMENT – STUDY EXPECTATIONS

Information about coursework assessment is given to you online during Orientation. You will be required to commence your learning during the orientation period, before formal teaching begins.

Most UTS subjects are taught through a mix of lectures and tutorials, seminars or laboratory sessions. Some subjects will require students to undertake new flipped learning style activities, different from traditional lecture and tutorials. Visit our website to learn more about UTS's award-winning teaching and learning style.

Assessment requirements may include major written assignments, active tutorial participation, practical work, projects, short tests, group work and group assignments, seminar presentations and a mid-session or final exam. In some subjects, the final exam may be worth 20 to 60 per cent of the final subject grade. Some subjects have no final exams.

Most subjects at UTS normally require a minimum study requirement of between 12 and 24 hours per week in order to pass.

## CLASS SIZES

Class sizes vary depending on the popularity of a subject and the nature of teaching. Normally, subjects involving tutorial classes have 20 to 30 students in a classroom.

## ACADEMIC YEAR

The academic year at UTS is divided into three teaching sessions:

- Autumn session (March to June)
- Spring session (July to November)
- Summer session (November to February – No admission for Study Abroad and Exchange students)

Each session has 15-16 compulsory teaching and learning weeks.

## ACADEMIC TRANSCRIPTS

The academic transcript is a record of subjects studied, final grades and marks awarded. UTS issues transcripts at the end of each teaching session once the exam results have been finalised.

As an **exchange student**, you will receive your academic transcripts from UTS through your home institution. At the end of each teaching session, the exchange officer will send two academic transcripts to the international office at your home university.

As a **study abroad student**, one original transcript is sent to your home address or your authorised representative. Upon request, an official copy of the transcript can also be sent to your home institution for credit transfer processing. Your home institution will determine how credit will be transferred.

You can also request an academic record by completing the Online Statement of Academic Record application on My Student Admin (online). UTS will then prepare and mail your transcript for a fee.

## STUDY ABROAD CERTIFICATES

Students who successfully complete the UTS Study Abroad program are issued a Certificate of Completion. This certificate is issued with your academic transcript from UTS.

## STUDENTS ARE AWARDED ONE OF THE FOLLOWING GRADES AFTER COMPLETING A SUBJECT AT UTS

H – High Distinction	85–100%	Work of outstanding quality on all objectives of the subject
D – Distinction	75–84%	Work of superior quality on all objectives of the subject
C – Credit	65–74%	Work of good quality showing more than satisfactory achievement on all objectives of the subject
P – Pass	50–64%	Work showing a satisfactory achievement on all objectives of the subject
Z – Fail	0–49%	Work showing an unsatisfactory achievement on one or more objectives of the subject

Note: Some courses award only a Pass or Fail grade. Autumn session results are released in mid-July, and Spring session results at the end of November or mid-December depending on your academic calendar.

# Services and support

Studying overseas is a rewarding opportunity to broaden your experience and outlook, but it can also be challenging. UTS provides the support you need to develop academic and professional skills, feel confident in your study and maintain your wellbeing.

## ORIENTATION

[orientation.uts.edu.au](https://orientation.uts.edu.au)

To help you get to know the university campus and services, UTS runs a compulsory Orientation program in the week(s) before formal teaching begins. During Orientation, new students can familiarise themselves with the university's services and facilities, start on their learning journey, attend Faculty welcomes, and get to know the UTS learning style and technologies. You will actually commence your studies in this week(s), so when classes start you are already prepared. It's also an excellent way to meet staff and students from Australia and overseas.

Note: Orientation is a compulsory week(s) at the start of each teaching session. In Autumn session, for students following the main UTS calendar, Orientation runs for three weeks. In Spring session, Orientation runs for one week for all students.

## Arrival tips

Aim to arrive in Sydney at least two weeks before formal classes start in order to participate in Orientation and to find suitable accommodation.

UTS International offers a complimentary airport shuttle service from Sydney International Airport to either UTS or a convenient CBD location to new international and study abroad and exchange students who arrive in the two weeks before Orientation begins.

“One UTS support service that has really helped me was UTS HELPS. When I started at UTS, I wasn't confident with my English and I was unsure how to write assignments. But HELPS really assisted me with this, I went there and they helped me to write formally. I took my assignments to them and they went through it with me, helping me to improve it. It was extremely helpful.”

“UTS Startups is really an open workspace. There’s no cookie-cutter approach, and the biggest benefit we get is from interacting with one another. Everyone has a different background. When you’re working in that space and you’re stuck on something, say marketing, the fact you can walk over to someone who has a company in that industry is amazing.”

# Feel at home

Secure a room at one of UTS Housing's student residences or get information and assistance on a range of private accommodation options.

## UTS-OWNED ACCOMMODATION

UTS students can choose from four residences, all of which are close to campus. Check them out on [housing.uts.edu.au](http://housing.uts.edu.au)

All UTS residences have spacious communal and barbecue areas, study rooms, games and computer rooms. Yura Mudang also has a music room and Gumal Ngurang has a garden rooftop.

All UTS residences are self-catered, secure and competitively priced. Most bedrooms are for one person (except twin shares), with shared kitchens, bathrooms and living areas. Apartments are fully furnished and rent includes gas, electricity, water, cabled internet in bedrooms and limited wireless internet access in communal areas.

You will need to provide your own bed linen and cooking equipment.

Due to the high volume of accommodation requests, UTS Housing has also sourced reserved beds for students with off-campus providers (Urbanest, Unilodge and Iglu).

For more information about UTS-owned students accommodations, visit: [housing.uts.edu.au](http://housing.uts.edu.au)

## RENTING PRIVATE ACCOMMODATION

If you are organising private accommodation, we recommend you arrange short-term accommodation in Sydney so you can view properties on your arrival and choose something that really suits your needs for the long-term. Visit UTS Housing's off-campus accommodation website, to find share rooms in private houses and apartments around UTS: [uts.studystays.com.au](http://uts.studystays.com.au)

**Share accommodation** means you usually have your own room and share a kitchen, living area and bathroom with other students or people who work. Alternatively, you may choose a studio or one-bedroom apartment to live in on your own, but this is more expensive.

All accommodation rentals should come with a residential or tenancy agreement. If you need any help or advice, please contact the UTS Housing Off-Campus Officer at [housing.welfare@uts.edu.au](mailto:housing.welfare@uts.edu.au) or the UTS Student Legal Service at [studentlegalservice@uts.edu.au](mailto:studentlegalservice@uts.edu.au) who are here to help you.

## UTS priority housing placement

As a UTS study abroad or exchange student, UTS offers you first priority to live in UTS Housing. You must apply by 31 October for Autumn session and by 1 June for Spring session. UTS Housing will place you before applications open for other students. Apply early to increase your chances of securing a room. Preferences will be considered, but we may not be able to offer you a particular style or price of room. Read more and apply at: [housing.uts.edu.au](http://housing.uts.edu.au)

"I lived in Student Housing – Yura. Living here has been really helpful to get to know people. Student Housing put a lot of emphasis on meeting new people; this was helpful because it would have been a lot harder for me to meet people, especially in the weeks before class started."

## LIVING COSTS

The table below details approximate establishment and ongoing costs you may incur while studying at UTS and living in Sydney. This table should be used only as a guide, as individual spending may vary. It is a requirement of the Australian government that prospective international students can demonstrate that they have access to at least A\$20,290 a year to fund their living costs in Australia, and additional funds if bringing partners or family.

## ESTABLISHMENT COSTS

You should expect to pay approximately A\$4200 start-up or establishment costs for independent accommodation. Allow an additional A\$1000 to \$1500 for a computer and printer, if required. These costs include items such as a rental accommodation bond (four weeks' rent), rent in advance, linen, furniture, telephone and internet connection, kitchenware, personal items and electricity connection, and must be budgeted for. With regards to UTS Housing, you will need to budget for the registration admin fee (approx. A\$40), the acceptance fee (approx. A\$120), the bond fee (equivalent of 4 weeks' rent), two weeks rent in advance and any personal items you wish to purchase.

## Accommodation Tips

- Don't pay any money before viewing and being satisfied with a non-UTS property. Until you arrive and get a feel for the area you want to live in, you won't know whether it is right for you.
- During Orientation, UTS Housing hosts specific accommodation sessions and has an accommodation information stand where staff can guide and support you with your accommodation search.
- Consider the UTS Housing Priority Placement for Study Abroad and Exchange students.
