**LANGUAGE COURSES AVAILABLE**

Exchange students may enrol upon arrival in a weekly French class, at no additional cost. In this case, they must take a French test before the start of the classes to evaluate their language level. The course is 2 hours per week and is for credit. French classes for beginners are offered unless there is a sufficient number of students interested.

**COURSES OFFERED TO EXCHANGE STUDENTS**

- **30-hour courses** taught 3h per session once a week during 10 weeks = 5 ECTS
- **15-hour courses** taught 3h per session, during 5 weeks = 2.5 ECTS, starting either at the beginning of the semester or mid-semester

The Summer session is an intensive 4-week study programme offering a limited number of our regular electives (20 ECTS maximum).

**Prerequisites:** Depend on the course. Students interested in taking Finance courses should already have a strong background in finance.

Exchange students must register for their courses online (through the school intranet). Detailed dates for online registration will be provided, when available.

**There is no guarantee of enrolment in any of these courses although every effort will be made to assign you to one of your preferred choices.**

Please note that no internships are possible for exchange students.

- Courses with different student numbers, specifically adapted to each discipline
- Seminars, simulation games, workshops, market and case studies

CLASS ATTENDANCE

Class attendance is strictly mandatory. Students will be expelled from a class:

Students are evaluated at the end of the semester.

For electives, final exams are held during the last course session. The final assessment for electives might include: essays, in-class presentations, written quizzes and examinations, and group projects.

The core course assessment is a written exam administered during the last week of the semester.

RESULTS

Students can see their results online (after completing a short evaluation survey for each course) usually in February (S1) and June (S2). Official transcripts will be available online for downloading.

Students’ academic performance is evaluated according to a grade point scale out of 20 as explained below:
