Back-up program choices

Some programs are competitive, and we advise that you select one to two back-up programs should you not be placed in your top choice program. The program to which you've already applied is considered your first choice. If you are not admitted into your first choice program, you will be considered for your alternative program choices.

After you submit this form, you will not be able to change these choices on your own. If you want to change your preferences or cancel a preference please contact cgi@umn.edu to request assistance.
