Greetings from the Carlson Business Career Center (CBCC),

It is my pleasure to share the 2022 Employment Report for our Master of Science in Business Analytics (MSBA) students here at the Carlson School of Management.

We are pleased to report that 100% of our MSBA graduates from the class of 2022 were employed six months post-graduation or prior. The average base salary is $100,421. Other exciting things to note:

• Top industries are technology, financial services, and consulting.
• More than 50 percent of students accepted roles based in the Midwest for the first time in program history.
• Top job titles include digital analyst, senior data analyst, and associate consultant.

The CBCC held over 940 employer meetings, sent out more than 480 tailored resume books, and organized 243 events across 10 programs during the past year. Our coaches managed 4,117 coaching appointments and delivered dozens of workshops. We strive to not only prepare our students well, but also deliver excellent customer service to our company partners.

This year brought a big change for our office. We merged our employer engagement and operations teams with the undergraduate career center and now support both undergraduate and graduate students in recruiting and engagement with employers. This merger enables us to be strategic with our partnership and efforts with our employers. In addition, we hope it eases communication and streamlines processes for all our external partners.

We continued our focus on inclusive recruiting with the goal that each student feels welcome and supported in the recruiting and job search process both by our staff and employers. We were pleased to see strong turnout from our recruiting partners on various anti-bias interview best practices and inclusive recruiting trainings we held. We will continue to hold these trainings and find additional ways to support our community in inclusive hiring best practices to strive towards our DEI mission statement:

The Carlson Business Career Center acknowledges and appreciates all cultures, ethnicities, and identities represented in our current and future student body. We encourage students to remain authentic while they learn about various career paths and emerge as leaders within their organizations. By doing our part to cultivate an ethical, culturally-grounded, and anti-racist institution, we will equip the leaders of tomorrow to live the values of “business as a force for good.” Through sustained efforts and in partnership with our partner organizations and employers, the CBCC is making progress toward addressing the systematic harm placed on individuals and groups of people within a career search. We will continue to learn and use our privilege to advance issues of diversity, equity, and inclusion in our community.

As always, thank you for your ongoing partnership! Go Maroon & Gold!
30 GRADUATES SEEKING FULL-TIME EMPLOYMENT

100% of 2022 graduates accepted employment offers within six months after graduation.

**Base Salary Range**
